NEW PLAN OF CAMPAIGN.

Will Be Followed by Executive Committee

of the Pastors' Union.

A meeting of the newly appointed

executive committee of the Pastors'

union, will be held at the Young Men's

Christian association Tuesday after-

noon at 2 o'clock, when it is expected a

plan will be discussed for carrying on

the work of Sunday observance which

ended with the resignation of Rev. E. A.

Dony.

The exact number of the new

committee is not known, but the intention

is to make the committee one of nearly

twenty-five members, all of which

shall be representative business men.

The new work, it is understood, will

handle grosser violations of the law

than the selling of soda water and

cigars on Sunday.

GRIFFITHS WOULD NOT BE REFUSED.

He insisted on Being Granted Admis-

sion Davis' House.

David Griffiths was arrested early

yesterday morning by Officer Lowry for

creating a disturbance in Center street.

Griffiths had insisted on letting a fire

escape from the burning house, and

became very violent. He went to a house in

Center street, kept by a man named

Davis, and demanded admission which

was refused him.

He became very angry and began to

smash things generally, he kicked in

the door, and would have played and

hove with the premises had not Officer

Lowry been summoned, to quell

the disturbance.

NEWS OF WEST SIDE

A Correct Statement of Tests of Coal Made by
Benjamin Hughes.

TRIPP'S WOOD FOR A CITY PARK

It Could, with Little Difficulty, Be
Made a Delightful Breathing Ground.
Fire at the Dwelling of Mrs. Mary
Hughes—Richard Maxey Given a
Hearing Before Alderman Morgan.
Other News of the Day.

The West Side office of the SCRANTON
TRIBUNE is located at 113 North Main ave-
nue, where subscriptions, advertisements
and communications will receive prompt
attention.

Benjamin Hughes makes the fol-
lowing correction of an article that ap-
peared in THE TRIBUNE concerning the
specific gravity of two pieces of coal
taken from the "Thuron tract" near
Towanda.

The specific gravity of the first piece
tested was 1.5474 or 96.53 pounds per
cubic foot. The specific gravity of the
second piece was 1.5555 or 97.21 pounds
per cubic foot, which is considered
extra weight. Some of the coal veins
will not make over 80 pounds per cubic
foot, while the lower veins will make
about 94 pounds and 95 pounds and a
few 96 pounds to the cubic foot.

TRIPP'S WOOD FOR A PARK.

The Idea Meets with Much Favor Among
the People Generally.

The question of securing Tripp's
wood for a public park has met with
great encouragement and is backed
with favorable sentiment from resi-
dents on this side. City Engineer
Phillips says that a very good approach
could be made to the park from Ceme-
tery street for the convenience of
people from this side. This would con-
sider, for street purposes, a small strip
of land now owned by the Delaware,
Lackawanna and Western Railroad
company.

The approach from the Providence
side would be across the Delaware,
Lackawanna and Western tracks. To
make the place still more pleasant a
miniature lake could be flooded into
the land. This is looked upon with
decided favor. The Valley Passenger
company now have a franchise held by
the Scranton Traction company to run
cars to Bull's Head, which, if carried
out, would make the place fully as ac-
cessible as the Round Woods.

West Side board of trade discussed this
matter at a recent meeting, and a resolu-
tion passed in its favor.

FIRE ON A PORCH.

It Was Extinguished with a Few Pails
of Water.

The alarm of fire which sounded
from box 30 at the corner of Sumner
and Washington streets about 7
o'clock last evening, was caused by a
slight blaze in the rear of a two-story
frame dwelling occupied by Mrs. Mary
Hughes, a widow, on South Fillmore
avenue. Some boys who were in the
yard set fire, either accidentally or
otherwise, to a porch in the rear of her
home. The blaze was slight and easily
extinguished with the aid of a few
pails of water. The Franklin and Co-
lumbia companies responded.

MAXEY GETS A HEARING.

Fun.

Richard Maxey, who was arrested on
Thursday evening for being drunk and
disorderly, was given a hearing yester-
day morning by Alderman T. T. Mor-
gan, of the Fifteenth ward.

Yoon & Doyle, where he had threatened
to clean out the place. He was taken
to the station house by Officer Rodham
and on the way testified with the officer.
When placed in the cell he smashed an
iron bucket and destroyed everything
near him. He was fined \$7, allowing
\$1 for the damage he had done.

THE POLICE INSPECTION.

May Possibly Be Held in the Next Two
Weeks.

Possibly next week or the week fol-
lowing will witness the annual inspec-
tion of the police department by Mayor
Connell. The military bearing of the
men since the weekly drill at the ar-
mory has been in vogue has been of great
benefit in enlisting them to recognize
and appreciate the good results of dis-
ciplinary exercise.

The police force contains a number
of officers who are or have been mem-
bers of the national guard or the regu-
lar army, and their experience has been
a great help in directing the whole
body in military formations.

With the recent additions to the
force, and the rectified faults following
the preliminary inspection, it is prob-
able that in the mayor's inspection will
appear a body of men of which many
city larger than Scranton might well
feel proud.

Police Court.

causing a disturbance when in Haley's

wanna and Western depot yesterday
morning. Special Officer Georitz
warned him at two different times to

would not take good advice and began
to abuse the officer by calling him vile
names.

He took several dishes from the lunch
counter and began to throw them
around promiscuously, whereupon the
officer placed him under arrest and
took him to police headquarters.

He was fined \$5 in city court yester-
day morning.

day. The bill of particulars avers that the
plaintiff's property was damaged to the ex-
tent of the sum of \$3,000 by the city's
construction of a sewer in that vicinity
which was inadequate to carry off the
water.

NEWS OF SOUTH SIDE

Only a Few Members Attended the Board of
Trade Meeting.

THE COMMITTEE APPOINTED

An Informal Discussion Concerning
the Mattes Street Improvement and
Roaring Brook Bridge—Funeral of
Frank Kane, Who Was Killed at
Newark, N. J.—John Kuhn, of
Cherry Street Injured.

The South Side board of trade met in
regular session in Alderman Storrs'
hall last evening, the following mem-
bers being present: President, George
Schuler; secretary, M. J. O'Toole;
Stephen Spruiks, C. J. Rour, Michael
Miller, T. J. Moore, M. P. Judge, and
C. Storrs. In appointing the commit-
tees for the ensuing year he said, while
the past year had been a poor one and
very little progress had been made, he
hoped the members of the various com-
mittees would work hard and make up
for the past; he had tried hard to sat-
isfy all the members in the appoint-
ments and hoped that every one was
satisfied.

The following committees were ap-
pointed:

Manufacturers—F. J. Moore, C. G. Bol-
and, George Schuler, Stephen Spruiks, C. J.
Rour.

Docket.

Paria—T. J. Moore, C. W. Westphal,
P. A. Cavanaugh, John Gibbons and M. P.
Judge.

The various committees reported pro-
gress. Mr. Moore said that the weather
was so warm that members cannot be
expected to work as hard as in the
cooler months.

Several bills were ordered paid, after
which an informal discussion took
place on the Pittston avenue culvert
and the Mattes street improvements.

As to the latter, preliminary work
moves slowly, but the members gen-
erally seemed satisfied with the pro-
gress of the former. In answer to a
question by Mr. Miller, T. J. Moore
said that the August day Ang park
will be completed in a few weeks. The
mayor has been asked for police pro-
tection, which has been granted. There
are eighty-seven acres of land in the
plot. The same gentleman also spoke
favorably about securing Tripp's land
as a park for the North End and West
side. Regarding the Pittston avenue
bridge, Mr. Storrs and Mr. Miller spoke
in favor of a stone arch culvert.
